

2020 College Conference

**SEATTLE ADVOCATES FOR
EDUCATION**

Event Overview

The College Experience Panel is a free online Zoom seminar bringing in a panel of college students to provide insight on the college experience

This seminar will take place on September 27th from 1:00 PM PST to 2:30 PM PST.

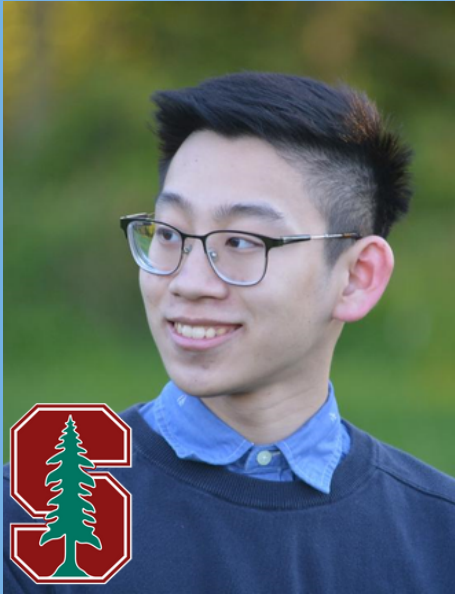

Details

Learn about specific colleges, social life, internships, research, study habits, etc.

The seminar will begin with an open & closed Q&A, and then, individual presentations about a specific topic for 15 minutes

Meet the speakers!

Edwin is a sophomore at Stanford studying economics. Because he wants to go into politics, he does a lot of civic engagement and political work. This upcoming year, he will be co-chairing VSA's Public Service committee, managing a city council campaign, and hopefully will be the election commissioner for Stanford. In his free time, he likes to play games and play jazz.

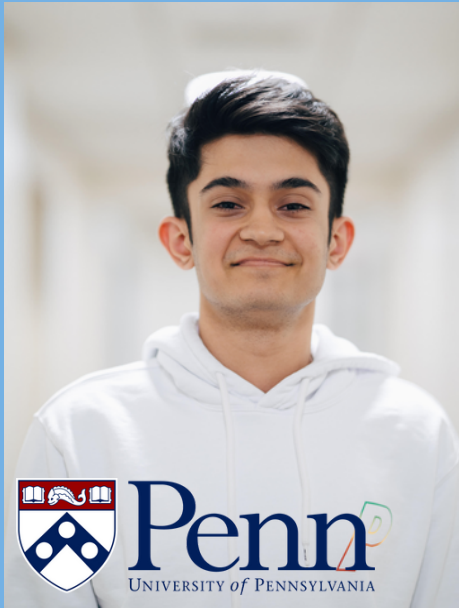

Caitlin is a recent graduate of Cornell University and incoming Masters student in electrical and computer engineering. On campus she was the founding president of the Beta Chi chapter of the engineering sorority Alpha Omega Epsilon, and is currently an executive board member for Women in Computing at Cornell, a teaching assistant for the ECE department, and a researcher for the Collective Embodied Intelligence lab. She's interned at places including Microsoft and Qualcomm, and was most recently a hardware engineering intern at Lyft Level 5 in their autonomous vehicles division. She's an advocate for diversity in tech through her public speaking and social media initiatives, and thoroughly enjoys opening up all kinds of students to the power of technology.

Muskaan is a rising sophomore at the University of California, Berkeley on track to pursue a dual degree in finance and data science. She holds experience leading diverse teams, and envelops a passion to spur professional opportunities for women and minority groups while maintaining academic integrity and dependability. Muskaan is also the captain of a collegiate dance team at Cal and loves pursuing filmmaking and design projects in her free time. Fun fact - her name means smile in Hindi!

Meet the speakers!

Akshat is a rising sophomore at The Wharton School studying Business Analytics, Data Science, and Finance. On campus, He serves as the President at AI@Penn, Vice President - Events at the Wharton Data Analytics Club, Business Director at UPMUNC, and as an Associate Consultant at the Global Research & Consulting group. In his free time, he loves playing pool, listening to music, watching movies, or trying new food. Fun fact: he once fell down a horse during a trek.

Sarah is a rising junior at Harvard studying History and Science with a minor in Economics. She is super passionate about healthcare/health-tech, social impact, and advocacy in marginalized communities. In her free time, she really enjoys music, singing, playing around with graphic design and whipping up (interesting) concoctions in the kitchen!

Amit is a senior at Brown University in Providence, RI. He studies Biochemistry and Molecular Biology, and he plans to attend medical school after graduating in May. He loves to perform and write music, and he sings in the Brown Derbies, an acappella group at Brown. He also does research on antibiotic resistance in the Belenky Lab and helps teach a biology class at Brown (Genetics).

Schedule

This seminar will take place on September 27th from 1:00 PM PST to 2:30 PM PST.

1:00 PM

Introduction of speakers

1:05 PM

CLOSED Q&A

1:35 PM

OPEN Q&A

2:00 PM

A Beginner's Guide to Hardware Engineering
(Caitlin Stanton)

Individual Topic Presentation Details

**Topic 1: A Beginner's Guide to
Hardware Engineering (Caitlin Stanton)**

**Topic 2: Pursuing Passions in College
(Amit Chakrabarti)**

About SAFE

Who we are:

Seattle Advocates for Education is a student-led nonprofit organization seeking to widen the scope of K-12 education.

We are primarily a group of high school students from the Seattle area. As an organization, we initiate classes, tutoring, business competitions, speaker events, and more. You can learn more about our programs at seattleadvocatesfe.org!
